OK, you're a do it yourself (DIY) kind of lawyer, Legal Firm Web Host has the tools you need.

Or if you are looking to host your site and/or add some features, Legal Firm Web Host has what you need. Using our template tool, WebSite Tonight, you have the tool that will step you through the process of creating your own lawyer web site. The tool provides you with templates to choose from. Each template has proven color scheme options to suit your tastes. From there, point-and-click your way to create your site. Cost is a primary reason why people choose our template tool solution. A 5 page web site, with hosting and email costs just \$10 per month! If you need a domain name, that is only \$9 for an entire year (for a .com name). Take a Tour of WebSite Tonight – this will bring you to our products site and walk you through the process. You'll see exactly how easy it is to create your own site. See our Template Showcase – is broken down by types of sites. Keep in mind, a different category can give your professional site the image you want to project. DIY – no more fooling around, roll up your sleeves and go to the DIY store.
